

Looking for a Better Way to Manage your Patient Records and Reduce Operational Costs?

It's Allscripts MyWay™ and iTGuardian™ from Sencilo HealthIT Solutions

If you've been waiting to deploy a healthcare technology solution at your practice because of cost and complexity, the wait is over. There is a better way:
It's Allscripts MyWay and Sencilo's iTGuardian!

Each Physician can qualify for up to \$72,000 in Healthcare IT incentives by implementing the Allscripts MyWay a CCHIT certified solution today. There are no up-front costs, no need for IT staffing, we can even convert your paper charts and link them to your new EHR. The complete solution is available NO PAYMENTS until January 2011.

Simple...Affordable...Complete

The Allscripts MyWay and Sencilo iTGuardian solution is an integrated Practice Management Suite that's designed to work the way your practice works.

Sencilo HealthIT Solutions provides Record **Consolidation**, Policy **Automation**, and **Advance Data Protection** to create a fully **HIPAA-Compliant** Office today, which will meet the IT requirements of tomorrow.

- ✓ **Simple:** Features including offline synchronization, adaptive learning, and template-free charting create an easy-to-use environment for everyone in your practice
- ✓ **Complete:** One unified database makes sharing clinical and business information effortless and seamless across your practice, *(even links to existing paper records)*
- ✓ **Affordable:** *No Money Down* for the Allscripts MyWay solution package which eliminates the need for a large up-front investment or IT staffing
- ✓ <http://www.sencilo.com/webcast.php> to Register

No Payments Until 2011
